The gown has the opening on the back side, for closing two tie bands on the collar and two tie belts.</p> <p>The outer end of the sleeves is an elastic band bordered with an overlock seam.complies with the HACCP concept.</p>	
Product performance:	<i>Material testing based on EN 14126</i>	
	Testing	Achieved power level
	Resistance to penetration of contaminated liquids under hydrostatic pressure	Class 6
	Resistance to penetration of infectious agents due to mechanical contact with substances containing contaminated liquids.	Class 6
	Resistance to penetration of contaminated liquid aerosols	Class 3
	Resistance to penetration of contaminated solid particles	Class 3
Dermatological compatibility:	No intolerance reactions.	
Length:	136cm	
Colours:	Blue, Yellow	

Packaging and variants:	Packaging	Quantity
	Bag	10 pcs.
	Shipping carton	100 pcs.
GTIN:	421B	4049825002826
	421Y	4049825002390
Storage:	Store in a dry place without direct sunlight in the original packaging (see packaging). If the storage conditions are observed, the product has a storage life of 10 years (see labeling on the product).	
Environmental sustainability and disposal:	In the case of contaminated products, the type and extent of contamination determines the disposal, and the applicable laws and regulations of the relevant country must be followed. A non-contaminated product can be thermally recycled or disposed of in landfills without releasing toxic substances.
